

The Beans'Talk Update from Mark and Patti Bean

Consulting for Bible translation and helping provide biblical materials for Quechua churches in central Peru.

Mission accomplished

Thanks for praying! Our trip to Peru last month went well. Diana and Eliset, two translation-consultants-in-training from Venezuela, got lots of practice as they checked the Panao Quechua translation of Numbers, Deuteronomy and Ruth. Mark oversaw the checking process and all our goals were met.

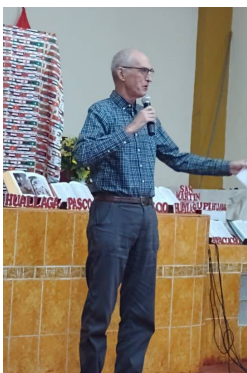

We were so impressed with the excitement about missions, the preparation put into skits and the presentations about needs in the world.

From Peru to the world

Most striking each Sunday was the emphasis on other nations needing the gospel, particularly the need for God's word in the language that people speak. People beamed with pride when a video clip was shown from a young couple that their denomination supports in Indonesia. The wife is from the "state" of Huanuco!

All those shown below are taking classes about missions. Most won't ever travel far, but they want to be prepared to reach out to others and join the task. There is still a lot of need to teach the Bible out in Quechua speaking areas.

The church matures

Both Sundays in Peru Mark spoke at Spanish missions conferences in the city; one for a group of churches on one side of the river and the other for a similar group on the other side of the river.

Already traveling again

After 7 weeks in the hospital and rehab with a broken back, our daughter Emily made it home to her family. While she is pleased with the progress she's making, she's limited in what she can do to care for her family.

The other grandma has been on hand to help for a long time. Now, it's my turn to help.

I'm writing this before taking off for Australia, but I should be there by the time you read this. Depending on a number of circumstances, Mark may or may not be joining me after a few weeks. Thankfully his work is totally portable.

Praise and Prayer Requests

Praise for the great translation progress while in Peru.

Praise for Emily's good attitude in the face of limitations. • **Praise** that grandson Jeremiah, who missed over a year of school due to leukemia, just began attending school in person once a week. • Little Adeline is in the blue hat. Her August check showed slight deterioration in the function of her only kidney. More tests are scheduled for November. • Continue to **pray** for Emily, Jeremiah and Adeline's health.

Pray for energy, health and patience as I help care for Emily and her family. **Pray** for wisdom about Mark joining me in Australia or not.

Thank you for your partnership with us. Our adventures continue and God faithfully sees us through each day.
